UNITED STATES OF AMERICA

vs.
JOHN J Fall

FILED

2015 JAN 23 P 4: 14

U.S. DISTRICT COURT
DISTRICT OF RHODE ISLAND

The Fall Court presents notice:

in regards to case 1:13-cr-135 (and its variations and derivatives of syntax):

'notice: stricken testimony'

i, a man, John Joseph Fall do say by affirmation:

- 1) That i do not consent to, and i object to, John J. McConnell, Jr.'s allowing my sworn testimony both orally and in writing, being stricken from consideration by the jurors
- 2) i believe such "stricken" is a horrendous and unlawful obstruction against, and deprivation of, my rights;
- 3) i object to, and do not consent to, all references to i, a man, as "Mr. Fall" when such term/phrase indicates a person; because at all times i appear specially, solely as a man with all rights retained; and solely in 'common law', not any kind of statutory and/or administrative court.
- 4) i believe no man, woman, ^{and/} or actor will contract this notice by way of oath or affirmation;
i will verify this document in open court;
